

Rich Balest, BS

Consultant

Turning complex healthcare data into actionable insight

Rich is a Consultant with TPG Healthcare Consulting (TPG-HC). TPG-HC delivers expert pharmacy benefit consulting to help payors reduce costs, optimize utilization, and improve health outcomes.

Rich has served as a health industry consultant utilizing over 40 years of experience in data mining, data modeling, data warehousing, and information delivery.

Rich has comprehensive experience analyzing detailed claims and eligibility from CMS, insurance companies, and managed care organizations including prescription benefit managers (PBM).

Currently, Rich supports clients in the development of Medicare Advantage bids and performing PBM audits.

Rich received his BS in Economics from Pennsylvania State University.
